## PROFESSIONAL EXPERIENCE:

---

### Software Engineer (Contract Part-Time)

Jan 2026 - Present

*Xello, Toronto Ontario.*

- Enhanced Angular and TypeScript components at Xello, improving UI responsiveness and reducing component load time by 15-25%.
- Collaborated in code reviews, debugging, and testing to identify and resolve software issues early.
- Integrated frontend features with REST APIs, improving data fetching and application state handling.

### Systems Officer (8 Month Co-op Internship)

May 2024 - Dec 2024

*Ministry of the Attorney General, Tribunals Ontario, Toronto Ontario.*

- Managed laptop replacement tickets for 100+ users and scheduled deliveries through Purolator.
- Onboarded and offboarded staff using a central service request system.
- Communicated with users to troubleshoot hardware, software, and access issues, including Microsoft 365 and Azure.
- Improved asset tracking with Power BI dashboards, reducing digital asset loss by 36%.

### Systems Officer

Jan 2020 - July 2023

*Fidelity Bank PLC*

- Assisted users with system issues, troubleshooting problems and escalating complex cases when necessary.
- Troubleshoot Angular interfaces and .NET services, reducing downtime impact by approximately 20% through faster resolution.
- Supported and monitored enterprise applications and backend systems to maintain uptime and data consistency.
- Built C# and .NET features and API integrations for services such as MyBankStatement, enabling secure data retrieval.
- Improved transaction processing reliability by approximately 15-20% through API validation and error handling.

## ADDITIONAL EXPERIENCE:

---

### Peer Tutor - Software Engineering

Jan. 2024 – Dec 2025

*Centennial College Libraries, Toronto, ON*

- Guided peers through technical problems, documentation, and tools in a structured learning environment.
- Explained C#, Java, and web development practices as a peer tutor, helping learners build problem-solving skills.

## TECHNICAL SKILLS:

---

**Support & Development:** Troubleshooting, debugging, testing, user support, Angular, TypeScript, C#, .NET, REST APIs, JSON, GitHub, CI/CD concepts.

**Microsoft Ecosystem:** Microsoft Office 365, Word, Excel, PowerPoint, Outlook, Teams, Power BI, Power Automate, Microsoft Shifts, Azure, Github.

**Database:** Oracle, MS SQL Server, MongoDB, PostgreSQL

## EDUCATION:

---

### Software Engineering Technology (Co-op) Advanced Diploma

Sept. 2023 – Dec 2025

*Centennial College, Toronto, ON*

### Bachelor of Applied Science - Computer Science & Mathematics

Sept. 2013 - June 2017

*Benson Idahosa University, Nigeria*
